CROW CANYON HEIGHTS HOMEOWNERS ASSOCIATION RULES AND REGULATIONS INTRODUCTION

The Crow Canyon Heights Homeowners Association (CCH HOA) is a non-profit corporation with an organization structure that is fully covered in the Covenants, Conditions and Restrictions (CC&Rs) and the Bylaws. They are recorded with your deed and are the law of Crow Canyon Heights, administered by the volunteer Board of Directors, for the benefit of all. Our community consists of 116 family homes with a common Cabana clubhouse and pool.

Crow Canyon Heights is private property, owned by its homeowners. The Crow Canyon Heights Homeowners Association has the legal responsibility to establish and enforce rules, assess, and collect for maintenance assessments and fines for violations.

Rules & Regulations (“Rules”) are necessary to protect and maintain the beauty, value and desirability of the property and to provide a quiet and safe environment for residents. Many homeowners moved to Crow Canyon Heights specifically because the Community has an active Association and volunteers who contribute personal time to maintaining the community and helping to enforce compliance with existing rules, guidelines, and regulations. The Rules and Regulations in this booklet apply to resident Homeowners, absentee Homeowners, tenants, visitors, contractors, real estate agents, commercial operators, and all other persons within Crow Canyon Heights and **MUST BE OBSERVED AT ALL TIMES** while on the premises at Crow Canyon Heights.

The term “Homeowner,” as used in the Rules, applies to each of the on-premise parties referenced above, and for Rules and Regulations compliance purposes **specifically includes tenants of rental units with homeowners responsible for compliance of tenants.**

The Rules and Regulations contained within this booklet are based upon the CC&Rs and Bylaws of the Crow Canyon Heights Homeowners Association, the California Civil Code, and common sense, to ensure the peaceful enjoyment of the community by all residents. In case of a discrepancy or conflict between these Rules and Regulations and the CC&Rs, Bylaws, or the California Civil Code, the California Civil Code takes precedence, followed in order by the CC&Rs, Articles of Incorporation, Bylaws, and these Rules and Regulations.

This booklet does not lessen your responsibility to review the CC&Rs and Bylaws, and is not inclusive of all the CC&Rs and Bylaws of the Association. Homeowners are responsible to inform their tenants of the provisions contained in the CC&Rs, Bylaws and Rules and Regulations of Crow Canyon Heights Homeowners Association and ensure that their tenants, contractors, and guests abide by the rules.

If you have any questions or concerns, please contact Homeowner Association Services at (925) 830-4848 or Fax (925) 830-0252.

ASSOCIATION MANAGEMENT COMPANY

Homeowner Association Services (HAS) is designated by the Crow Canyon Heights Homeowners Association Board of Directors to manage our community. HAS is a separate business hired to act as the agent of the Association. As an agent for the Association, they take their direction specifically from the Board of Directors. Typical contractual responsibilities of the managing agent include a variety of services to the Association, such as collecting assessments, paying the association's bills, taking direction from the Board of Directors for enforcement of the rules, infractions, and obtaining various vendors to perform services, often in close collaboration with our various committees. The managing agent also helps with the budget process and prepares meeting agenda and minutes for the Board of Directors. The management company provides assistance to all parties in helping solve problems that occur in the community. They advise the Board of Directors how to comply with relevant California Civil Code requirements, all governing documents, and assist with appropriate and timely compliance.

TRAFFIC SAFETY AND PARKING RULES AND REGULATIONS

In order to maintain and protect the appearance and quality of the Crow Canyon Heights Community environment, the following regulations and procedures have been approved by the Board of Directors.

Crow Canyon Heights Speed Limit: 15 MPH
All vehicles must obey all signs.

Parking rules enforcement is provided by an outside third party enforcement company under contract.

While any homeowner can email or call in a complaint to the management company about a parking violation, volunteers may help enforce the parking code.

The procedure for enforcing parking violations is as follows:

1. The Management Company (HAS) will send a letter asking that the violation be corrected or to show cause for said violation (e.g., new owner has 90 days when first moving in to get the garage in order to house two vehicles). Owner may be requested to appear at a private, Executive Session Board meeting to show cause if any, or to explain their plan to come into full compliance with the parking regulations.
2. If violations continue, the vehicle will be ticketed and fines will begin at the rate of \$100.00 per occurrence. Second and subsequent violations for the same homeowner occurring during the same calendar year per address will incur a fine of \$100 per violation as approved by the Board. Multiple offenses with different vehicles for the same address will be treated per address and not per vehicle, as repeat violations with application of fines, up to and including towing.
3. **If violations remain unresolved after notice has been served, more aggressive enforcement, within current, applicable Civil Code and CCH guidelines, may be performed, up to and including vehicle towing from GUEST PARKING places or from DRIVEWAYS.**

Parking Regulations

The Crow Canyon Heights Parking Policy:

1. **GUEST PARKING:** Resident parking is not allowed in Guest Parking except on a temporary basis. Homeowners are expected to honor and self monitor this guideline to control this requirement.

Overnight guests may park in Guest Parking for a maximum of three nights in one calendar month with an appropriate, current, approved and filled in parking permit displayed, and visible from outside the vehicle. The Homeowner can obtain an Overnight Temporary Visitor's Parking Pass available on the CCH HOA website, or by requesting a copy from Homeowner Association Services (HAS). The completed form must be placed inside the

vehicle on the driver's side of the dashboard or rear window so that the information can be read from outside the vehicle. An approved temporary parking pass **IS VALID FOR ONE NIGHT AND ONLY ONE NIGHT.**

If a Homeowner wants an exception to this policy they should contact Homeowner Association Services (HAS), in writing or email HAS at jtavares@hoaservices.net, provide the reason for the request, and the specific dates covered by the request. The request will be submitted to the Board for consideration and approval, and the Homeowner will receive a written response from Homeowner Association Services (HAS).

2. **DRIVEWAY PARKING:** Rules regarding driveway parking were modified as of 2021 as explained here. CCH residents appreciate and desire an orderly, clean appearance in the community. All garages can be organized to accept two vehicles, and the Association encourages all resident owned vehicles be parked in their garage with the garage door closed, except for ingress and egress, and for normal, daily activities. Current rules provide for the following:
 - A. Allow homeowners to apply for an annual permit to park one (1) vehicle in the driveway with an approved permit. The permit will cost \$100 annually.
 - B. An approved driveway parking permit for one vehicle will require that at least one vehicle be parked inside the garage in **every** case.
 - C. For homes with one (1) vehicle associated with the home, no driveway parking will be approved based on CC&R rule: "Garages shall be used for vehicle parking only, and shall not be used for repair of vehicles or converted for living, business, or recreational activities."
 - D. Homes with two (2) vehicles and 2 licensed drivers may apply for one (1) permit. If there are 2 cars associated with the home then one vehicle must be parked inside the garage.
 - E. Homes with three (3) and four (4) vehicles can continue to apply and be approved for the driveway parking permit(s) under the existing CCH Parking Rules and Regulations described below.
 - F. The fee for an approved driveway parking permit will remain at \$100 for applications made during January through September (no prorating), and if approved will apply to that same calendar year. For applications received and approved during October through December, the annual fee will cover that fourth calendar quarter period plus the following calendar year.
 - G. Once a permit is issued the homeowner must pay the annual fee and decide which specific vehicle will be parked in the driveway and apply the parking permit to the front lower left windshield.

Homes with Multiple Licensed drivers

If there are more than two drivers occupying a residence and the garage is occupied by two **registered** vehicles, the Homeowner/Tenant may request approval of up to two more **registered** vehicles and associated licensed drivers to be parked in the driveway. To obtain this approval the Homeowner/Tenant must submit:

- A) Completed Application for Driveway Parking Permit.

B) Photocopies of the current registrations for all of the vehicles associated with the residence, no matter if they will be parked inside the garage or in the driveway.

C) Photocopies for **ALL** the licensed drivers living at the residence.

The Board will consider issuing Driveway Parking Permits. However, the Board cannot vary from the type of vehicle prohibited in the CC&Rs and covered by applicable local ordinance and CA regulations.

Upon approval, the Management Company will issue Driveway Parking Permit(s). Any vehicle parked in the driveway must be in compliance with the restrictions placed on allowable vehicles by the Crow Canyon Heights Homeowners Association CC&Rs and Parking rules.

If a Homeowner wants a temporary permit to park in the driveway because of the need to use the garage for temporary storage or other reason, a written request should be made to the Management Company at jtavares@hoaservices.net

This request will be presented to the Board and the Board's decision will be forwarded to the Homeowner in writing.

AT NO TIME CAN A VEHICLE APPROVED FOR DRIVEWAY PARKING BE PARKED OVERNIGHT IN THE VISITORS/GUEST PARKING AREA.

3. All recreational vehicles, boats, trailers, trucks (except as provided for in CA law) and vans are prohibited from parking in the development, except on a temporary basis not to exceed 24 accumulated hours per month.
4. Parking on streets is prohibited at all times, except for attended loading and unloading.
5. New residents shall have a 90 day grace period to comply with the garage organization requirements and driveway parking restrictions. New tenants in rented homes may be extended a similar 90 grace period, provided that the homeowner has complied with all rental requirements, including providing a copy of the current tenant lease, has no outstanding violations, fines, or penalties, and is current on all dues and assessment payments.

Any exception to this parking policy must be approved by the Board of Directors in writing. Previously approved exceptions must be submitted by the homeowner/tenant to the Board of Directors for review on an annual basis.

Citations will be issued for violation of any of the above parking regulations as adopted by the Board of Directors.

Protest of a citation requires the appearance of the PROPERTY OWNER of the property associated with the violation at an Executive Session Board meeting, date to be determined by letter, for a hearing to show cause why the imposed fine should be waived. Insufficient cause

or failure to appear can result in fine of \$100.00 for first occurrence. Subsequent violations for the same homeowner address will incur fines per the approved Fine Schedule, and/or other fines as determined by the Board of Directors.

Excerpts from the CC&Rs:

1. Article XII, Section 12.5 Failure Not a Waiver

The failure of any Owner, the Board of Directors, the Association or its officers or agents to enforce any of the covenants, conditions, restrictions, limitations, reservations, grants or easements, rights, rights-of-way, liens, charges or equitable servitudes contained in this Declaration and/or the Association's Governing Documents shall not constitute a waiver of the right to enforce the same thereafter, nor shall such failure result in or impose any liability upon the Association or the Board, or any of its officers or agents.

2. Article III, Section 3.7. Parking and Vehicle Restriction

(a) No commercial vehicles or boats, trailers, recreational vehicles or campers may be parked or stored anywhere in the Development, unless temporarily for no longer than twenty-four (24) hours per month for the purpose of loading and unloading, and then only subject to any Association Rules regarding temporary parking. The Board may adopt Association Rules defining what constitutes a commercial vehicle, a boat, trailer, recreational vehicle, or camper.

(b) All driveways shall be maintained in a neat and orderly condition. Garages shall be used for vehicle parking only, and shall not be used for repair of vehicles or converted for living, business, or recreational activities. Each Owner, resident, or tenant shall keep his enclosed garage in a neat and orderly condition. The garage door is to remain closed except during ingress or egress by vehicles. Residents shall not park in any parking space designated for "guest parking".

(c) Other than the replacement of a flat tire or dead battery, no motor vehicle shall be constructed, reconstructed or repaired within the driveways, and no dilapidated or inoperable vehicle, including vehicles without wheel(s) or an engine, or abandoned vehicles shall be stored on the Common Area, streets or on a Lot in a manner visible by a person six (6) feet in height standing at ground level on the Common Area or another Lot. No unreasonably noisy, smoky, or off-road vehicles shall be operated within the Development. As used in this Subsection, an "inoperable vehicle" shall include any vehicle not bearing current vehicle registration, not currently capable of driving, lacking a windshield or other windows, or lacking functioning tires or an engine.

(e) No moped, motorcycle or other vehicle may be parked on a sidewalk, grass, or other area not otherwise designated for parking of vehicles.

(f) In addition to the provisions of this Section, the Board shall have the power and authority to adopt, promulgate, and enforce additional Association Rules regarding vehicles and parking. Vehicles parked in violation of this Declaration or the Association's Rules may be towed away without prior notice to the vehicle Owner and at the vehicles Owner's expense, provided that the Association complies with California Vehicle Code Section 22658, et seq. or any superseding statute. Costs incurred by the Association regarding parking, towing, and vehicle storage shall be levied against the Owner as a Special Individual Assessment, including costs incurred regarding Owner's Family, tenants, lessees, guests, vendors, contractors, etc.

Special Assessments, Reimbursement Assessments and Special Individual Assessments are due on the date(s) specified upon imposition and each installment thereof shall be delinquent if not received by the Association within fifteen (15) days after it is due. A late charge of ten dollars (\$10) administration cost shall be due on any such delinquent assessment.
2. Interest shall be due on all such amounts, once due and unpaid for by the due date, at the rate of twelve percent (12%) per annum.
3. If any portion of any such assessment, late charge, interest or cost of collection remains unpaid sixty (60) days after the original due date thereof, a "Letter of Intent" to file a Notice of Delinquent Assessment ("Lien") will be prepared and sent to the owner(s) of record. Please be advised that the Association has the right to collect all reasonable costs of collection.
4. All such amounts, and all other assessments and related charges thereafter due to the Association until all such amounts are paid, must be paid in full and the Association shall not be required to accept any partial or installment payments from the date of the initiation of an action to enforce the payment of delinquent amounts to the time that all such amounts are paid in full.

6. If all such amounts have not been received in full, within thirty (30) days after the recordation of such Lien, the Association may, without further advance notice, proceed to take any and all additional enforcement remedies as the Association deems appropriate, in its sole discretion and within current applicable laws, including, without limitation, non-judicial foreclosure of such Lien, judicial foreclosure, or suit for money damages, all at the expense of the property owner(s).
7. All payments received by the Association, regardless of the amount paid, will be directed to the oldest assessment balances first, until such time all assessment balances are paid, and then to late charges, interest and costs of collection unless otherwise specified by written agreement.
8. The Association shall charge a "returned check charge" of ten dollars (\$10.00) for all checks returned as "non-negotiable," "insufficient funds" or any other reason.
9. All above-referenced notices will be mailed to the record owner(s) at the last mailing address provided in writing to the Association by such owner(s).
